The fall in review

by Chris Martin, Program Manager

The past two months have been filled with many great activities. The participants in the Expanding Horizons Program have assisted with the United Way CHEF program. They have enjoyed Art-On-The-Go.

The participants have been learning how to do program inventory of program supplies and have then went to Costco to buy the needed supplies. The participants had a fun day at the Fruit Barn pumpkin patch.

Some of the participants had the opportunity to attend the UCP Prom at UOP in October, this was a fun filled night of dancing.

We had a successful Halloween Party that was invaded by Ninja Turtles. Everyone especially enjoyed the door decorating contest.

All our participants participated in the "Great California Shake Out", some even helped make PSA's to remind people of all abilities what to do in case of an earthquake. Drop! Cover! Hold On!
